My #1 or Star Collections are the most popular. All are prepaid but if you will send 50c to \$1.00 for postage I will put in free something new that is real nice.

30 Large Bulbs, All Different for \$2.00; 100 for \$6.00 and 50 for \$3.00. #1A, medium size—100 for \$4.00 or 50 for \$2.00. With 100 I put in a free bulb worth at least \$1.00. There are 40 different varieties in the 100.

Dark Collection #5 for those who prefer dark ones. No light colors in this collection. 100 for \$10, or in medium size, #5A Collection, \$6 for 100. 50 at the same rate.

DeLuxe Collection #3, large fine varieties, \$12 per 100 or 50 for \$6.

Super Duper #7. The finest to be had with many high priced varieties, \$25 per 100 or 50 for \$12.50.

My Color and Labelled Collections on pages 39 and 40 of my catalog are for the discriminating fans. They are carefully chosen and are bargains.

Seed. I can still furnish seed, especially the green crosses and the mixed large and miniature seed.

Green Glads

Green Ice 490 is the most popular variety I have ever introduced, almost every order calls for it.

It is a top notch variety for exhibition.

A first class commercial.

One that every gardener will want.

Millions will be sold when the price gets down. It is an easy grower and good propagator.

Large 1/\$1.25, 3/\$3.00; medium 1/.75, 3/\$2.00; small 1/.50, 3/\$1.25; Bts. 5/.25, 100/\$3.50.

Erin 390 is fine too, a bit greener and good in every way, but doesn't make the big spikes like Green Ice.

Crag. Don't pull weeds. Crag will prevent them from growing. It is perfectly harmless to growing plants but it will not let the seeds germinate. I use it and save hundreds of dollars a year. 1 lb. \$4.50. See catalog.

Bee Balm or Monarda. A beautiful new light rose pink. Grows anywhere and is absolutely hardy. \$1 each or 3 for \$2.50. We can furnish these anytime but the earlier the better. Prepaid.

Jiffy Pots. Just the thing to start plants in. 2¼ in., 25 for \$1.25, 100 for \$3.50 post paid. 3 in. \$5 per 100.

Sprays and Dusts. See page 54 of my catalog. You want **DDT** or **Chlordane**.

Chlordane applied to soil will kill wire worms and keep off thrip.

Malathion will kill insects that carry virus. Also, you need **Ortho Seed Guard** to dip your bulbs in before planting.

Pansies. The famous Ellis Strain, the best strain I have found, wonderful colors, huge blooms. Pkt. of 500 seed \$1.00, \$12 an ounce and \$6 per ½ ounce. This ounce price is much less than some other strains that are no better or not so good.

Vermont Maple Syrup, the finest in the world. We handle only the fancy or top grade \$7 a gallon, \$4 a half gallon, \$2.25 a quart. You pay the postage and insurance. See catalog, page 52.
